

Global Health Security 2026

9TH - 12TH JUNE 2026
KUALA LUMPUR CONVENTION CENTRE

Poster Presentation Preparation – Next Steps

8 May 2026

Congratulations again on your acceptance to GHS2026!

We are looking forward to welcoming you soon to Kuala Lumpur, and as you will be able to see from the online programme, we have a tremendous conference and series of side events planned.

With approximately four (4) weeks to go before the conference, we're now writing to let you know some further information about the format of poster presentations.

What you can expect...

The poster presentations are an important and integral element of the GHS2026 conference programme.

To ensure your poster is given due prominence, the poster boards have been located in the Banquet Hall during breaks.

Your poster will be displayed for one (1) full day of the conference, on either the Tuesday (9 June), Wednesday (10 June) or Thursday (11 June).

Posters can be displayed from 0730hrs (7.30am) until 1800hrs (6pm) on the day of your presentation.

Please ensure that you remove your poster at the end of the business day. Posters that have not been collected by 6pm will be removed to allow for new posters to be added. They will then be stored until 12pm the following day. If they have not been collected by 12pm the following day, they will be discarded.

We encourage you to stand close by your poster during coffee and meal breaks on the day of your presentation so that you can answer any questions.

To encourage more engagement, you are also invited to record a short video discussing your poster. These presentations will be made available via the GHS2026 conference app so that delegates can hear about your work both during and after the conference has ended.

Please ensure your video **does not exceed five (5) minutes** length.

Once you have recorded your video, please upload it to this folder:

<https://www.dropbox.com/scl/fo/5ulqyfwr5la49brd5yvz3/AOKy49GameOy3o9dbgU-fag?rlkey=plnoybnxv18aio380dcsfegsa&st=qk2xt28w&dl=0>

We will then convert the file into a format that can be supported by the conference app.

Please make sure when uploading into the Dropbox that you name the file with your full name and poster number (your poster number can be found above). For example:

First Name_Last Name_Poster1

We will then convert the file into a format that can be supported by the conference app.

ALL videos must be submitted no later than 25th May 2026 11.59pm AEST. Any late submissions will not be accepted.

Poster Requirements

All posters must be printed on **A0 sized paper or card**.

Please ensure that you use a **minimum of 16-point font** for text, as font smaller than this size will prove too difficult to read once the poster is printed.

Your poster must be designed in **portrait or vertical orientation only**. Please do not design your poster in landscape or a horizontal orientation as the poster boards will not be able to accommodate.

We encourage you to use a range of colours, images and fonts to make your poster as eye-catching as possible.

Venue

The venue for the GHS2026 conference and related side events is the **Kuala Lumpur Convention Centre**, which is located at 50088 Kuala Lumpur, Wilayah Persekutuan Kuala Lumpur, Malaysia.

We will have limited storage capacity onsite if bags or suitcases need to be stored, but they **must** be collected at the end of the business day. Any items left overnight will be forfeited, and we are not responsible for any theft.

See you in Kuala Lumpur soon...

Should you have any further questions, please let us know. Please remain patient for any reply and refrain from sending multiple emails regarding the same topic, as we are obligated to respond to each email and duplicate requests only serve to delay timely responses.

With all these disclaimers, etc, now out of the way, let me express again my thanks on behalf of the Steering Committee for your interest in GHS2026. We look forward to welcoming you to Kuala Lumpur!
