

GHS2026 Conference Posters

Day Three - Thursday 11 2026, Ballroom 1

- P1 **Abrar Abdelrahim** - Single-Session Therapy as a Rapid Mental Health Response in Conflict-Affected Populations: Sudan Experience
- P2 **Afifah Rahman-shepherd** - ASEAN and the COVID-19 pandemic: The role and response of a regional organization in managing a global health emergency
- P3 **Alex Ballinger** - Preparing for radiological incidents using biologic related state laws
- P4 **Aloise Gikunda** - Harnessing Politics for Primary Health Care Transformation in Kenya- Reversing Africa's Chronic Underinvestment in Community Health in Africa
- P5 **Amish Talwar** - Enhancing pandemic preparedness using a novel taxonomy of outbreak reporting barriers and enablers
- P6 **Apichaya Sakulthai** - Regulatory model development for Biosafety Level 3 Laboratories and Biological Safety Cabinets in Thailand and ASEAN
- P7 **Chee Kheong Chong** - Strengthening security sector in multisector collaboration in One Health
- P8 **Chittaphone Vanhnollat** - Signals Before Spillover: Field Surveillance Reveals Emerging Viral Diversity
- P9 **Damaris Werre** - Strengthening Healthcare System Resilience through Cashless Payment Systems in Hospital Settings - [Poster video linked here](#)
- P10 **Dinara Akmatbekova** - Strengthening epidemiological surveillance through the integration of I-LAB and I-EPID: the national experience of the Kyrgyz Republic
- P11 **Dinara Akmatbekova** - Measles Vaccination Message Testing in Kyrgyzstan
- P12 **Edward Tumwesige** - Knowledge, detection and reporting of zoonotic diseases among small-scale herders in rural Southwestern Uganda: Lessons for strengthening outbreak preparedness
- P13 **Edward Tumwesige** - Community perceptions and willingness to use locally developed vaccines in Uganda: Implications for future outbreaks and pandemic preparedness
- P14 **Farhan Ahsan** - Breaking Down Silos: Building Partnerships that Save Lives

- P15 **Fawzia Fall** - Information Integrity in the Arctic: Implications for Health Security
- P16 **Filippa Lentzos** - Mapping the biosecurity landscape in Norway
- P17 **Filippa Lentzos** - Russian Biological Disinformation in Africa: Narrative Architecture and Strategic Adaptation
- P18 **Franck Palamanga OBULBIGA** - Measuring speed to action : Burkina Faso's 7-1-7 performance across recent outbreaks
- P19 **Haddijatou Allen** - Designing and Costing a Cross-Border Disease Surveillance System in The Gambia and Senegal: A Systems Thinking Approach
- P20 **Huyen Nguyen** - Leveraging Public Health Emergency Operations Centers (PHEOCs) to Accelerate Malaria Outbreak Detection and Response in Vietnam
- P21 **Isiaq Shehu** - STRENGTHENING EMERGENCY PREPAREDNESS AND HEALTH SYSTEM RESILIENCE: LESSONS FROM THE 2024 LASSA FEVER RESPONSE IN KADUNA STATE, NIGERIA
- P22 **Jude Williams** - National Biobank of Sierra Leone: Strengthening Biosecurity, Outbreak Preparedness, and Research Capacity.
- P23 **Kaia Gamoga** - Strengthening Provincial Systems through Digital Innovation: Benefits of the STRIVE Partnership
- P24 **Kaia Gamoga** - Building Adaptive and Accountable Provincial Systems in PNG: Insights from the STRIVE Partnership Approach
- P25 **Lindsey Shields** - From Feasibility to Implementation: Institutionalizing One Health Governance in Cambodia through the OH4CAM Feasibility Study
- P26 **Maciré Sylla** - Exploring the Dimensions of Success in Health Crisis Management: An Exploratory Qualitative Study in Guinea - [Poster video linked here](#)
- P27 **Margaret Leong** - Pacific Pulse: Strengthening Hand Hygiene Compliance Across Pacific Island Countries - [Poster video linked here](#)
- P28 **Minh Hang Le** - Transmission pathways implicated in neonatal colonisation with bacterial and fungal pathogens: A prospective cohort study in a maternity hospital in Vietnam
- P29 **Monika Lal** - Strengthening biosurveillance in Kiribati: Enhancing laboratory capacity with SENAITE LIMS - [Poster video linked here](#)
- P30 **Muluken Alemu** - Effect of community volunteers, human and animal health front-line workers, interconnection for disease prevention, prediction, and control: Post-intervention assessment, the case of Ethiopia.

- P31 **Musole Chipoya** - Integrating Multipathogen Serosurveillance into National Surveillance System: A framework from Zambia
- P32 **My Duong** - AMR on the Menu: Tracking Transmission in Vietnam’s Food Chains
- P33 **Nadeem Hassan** - A Unified Approach to Risk: Conducting a Multi-Sectoral One Health Risk Assessment for Preparedness in Sindh, Pakistan
- P34 **Nadia Ali Rimi** - Biosecurity and Hygiene in Live Bird Markets of Bangladesh: Policies and their Implementation
- P35 **Nguyen Truong Thi Kim** - Mobilizing Community Resources for Infectious Disease Prevention and Control: A Scalable Model from Ho Chi Minh City, Vietnam, 2024-2025
- P36 **Noelle Anne Cubacub** - Integrating Antimicrobial Resistance Control and Climate Change Adaptation in Livestock and Aquaculture Policies: A Systematic Review of Low- and Middle-Income Countries
- P37 **Odette Toloube** - Reimagining AMR Containment: A Practical Model for Empowering and Regulating Informal Medicine Vendors
- P38 **Paul linde** - Digital Early Warning and Monitoring System for Water Quality in Zambia: Strengthening Preparedness and Public Health Response - [Poster video linked here](#)
- P39 **Paul linde** - When a Dog Bites: A One Health Approach to Strengthening Clinician–Veterinary Collaboration for Rabies Control in Zambia.
- P40 **Peter James Elyanu** - Widespread adoption of 7-1-7 timeliness metrics for detection, notification, and response to public health threats leads to sustained improvements in outbreak management in Uganda
- P41 **Phu Truong Thien** - Genomic Surveillance Uncovers an Emerging Carbapenem-Resistant *Klebsiella pneumoniae* Cluster in a Vietnamese Intensive Care Unit
- P42 **Phu Truong Thien** - Genomic Surveillance Uncovers an Emerging Carbapenem-Resistant *Klebsiella pneumoniae* Cluster in a Vietnamese Intensive Care Unit
- P43 **Pragna Paramita Mondal** - Invisible Livestock, Visible Risks: A One Health Examination for Advancing Global Health Resilience in Bangladesh - [Poster video linked here](#)
- P44 **Rachel Ngwangwa Ilonga** - Recurrent Ebola Outbreaks and Mortality Determinants in the Democratic Republic of the Congo: A One Health Analysis (2014-2022)
- P45 **Rebecca Badra** - Assessing Regional and International Guidelines for Infectious Disease Sample and Data Sharing Through a One Health Lens

- P46 **Rory Wilson** - Moving from Treat-in-Place to Transport to Treatment Center: Enhancing the United States National Special Pathogen System
- P47 **Sadya Martinez-Fuerte** - Machine Learning in Dairy Farming: Opportunities and Limitations for Improving Antimicrobial Stewardship under a One Health Framework
- P48 **Sam Halabi** - Equitable Access and New Vaccines against Neglected Diseases
- P49 **Shazia Sajjad Sarhandi** - Corruption as a Political Determinant of Health: Risks for Public-Private Partnerships in South Asia
- P50 **Sona Sidibe** - Financing and Multisectoral Coordination for Crimean-Congo Hemorrhagic Fever Preparedness: Insights from Guinea
- P51 **Sona Sidibe** - Optimizing Financial Management and Partnerships for Sustainable Global Health Security: Lessons from the FEVER Project/H5N1 in Guinea
- P52 **Stephanie Meciar** - Commercial practices of the arms industry and implications for global public health: A scoping review
- P53 **Sulaiman Ibrahim** - CIMS-Pox: Enhancing Community-Based Biosurveillance and Epidemic Intelligence for Mpox in Nigeria - [Poster video linked here](#)
- P54 **Tammy Allen** - Thirty Years of Community Engagement in Dengue Prevention: Strategies, Barriers, and Organisational Insights from North Queensland, Australia.
- P55 **Thein Than Htay** - Does Health Security Enhance Disaster Resilience? A Panel Data Analysis of International Health Regulation (2005) Capacities and Disaster Outcomes (2015–2023)
- P56 **Tuyet Le Thi Anh** - Application of Geographic Information Systems in Dengue Management: A Breakthrough Initiative in Ho Chi Minh City, Vietnam since 2018
- P57 **UNISE VAKALOLOMA** - Resurgent Disease Risks in Vulnerable Populations: Immunization Gaps Among Children with Disabilities in Fiji, Suva-Nausori, Fiji, 2023
- P58 **Victor Fatimehin** - Epidemiological Profile of Mpox in the ECOWAS Region, 2024–2025: Trends, Transmission Dynamics, and Regional Implications
- P59 **Victor Fatimehin** - Strengthening One Health Governance in West Africa: Regional Coordination and Institutional Innovations Under ECOWAS RCSDC, 2024–2025

- P60 **Wanwisa Kaewkhankhaeng** - Comparative Assessment of Antimicrobial Resistance Indicators: Insights from United Nations General Assembly 2024 and Thailand's National Strategic Plan
- P61 **Wendy Williams** - Outbreak management review with 7-1-7 metrics: 2025 Pertussis Outbreak in Tafea Province, Vanuatu
- P62 **Zelalem Tadesse** - Strengthening four communities of practice of the One Health Knowledge Nexus: A Community-Driven Platform for Operationalizing One Health
- P63 **Sandi Genda** - Strengthening Sierra Leone's Monkeypox Response Through an Incident Command Structure - [Poster video linked here](#)
- P64 **Megan Mickum** - A Scalable, Adaptable Approach to Cholera RDT Deployment for Improved Outbreak Response
- P65 **Jacob Clemente** - Reflecting on ten years of CDC investments to combat the threat of antimicrobial resistance in the United States and around the world
- P66 **Monique Foster** - Decentralizing Lessons Learned: A Novel Structure for Monkeypox Intra-Action Review in Sierra Leone
- P67 **Philippe Sessou** - Reclaiming Africa's vaccine sovereignty: What COVID-19 vaccine acceptance in Benin can teach us?
- P68 **Fatima Aziz** - Enhancing One Health Capacities for Real-Time Surveillance to Protect Health Security in Pakistan
