

## GHS2026 Conference Posters

### *Day Two - Wednesday 10 2026, Ballroom 1*

- P1 **Erin Sorrell** - Bridging Health and Security: Lessons from Transboundary One Health Work
- P2 **Erin M. Sorrell** - Addressing the Cyberbiosecurity Literacy Gap: Development and Pilot Implementation of a Laboratory Self-Assessment Tool in Morocco
- P3 **Malik Jahangir Gul** - Data Equity in Biosurveillance: Uncovering Critical Gaps in Pakistan's Biosecurity Architecture
- P4 **Malik Jahangir Gul** - Bridging the Gap for a Healthier Balochistan
- P5 **Nur'Iffah Mustaqiimah Binti Abdul Kahar** - Strengthening Brunei's Capacity to Prevent, Detect, and Respond to Biological Threats Through One Health Approach
- P6 **Nur'Iffah Mustaqiimah Binti Abdul Kahar** - Charting the One Health Ecosystem – Stakeholder Mapping and Engagement to Strengthen National Health Security in Brunei Darussalam
- P7 **Percival Ethan Lao** - Breaking the Feedback Loop: Climate Change Drivers and Pathways to Antimicrobial Resistance in Livestock and Aquaculture Systems in LMICs
- P8 **Percival Ethan Lao** - Pioneering Local One Health Governance: Evidence-Based Policy Development and Implementation in a Philippine Municipality
- P9 **Percival Ethan Lao** - Operationalizing Multisectoral Coordination: Enhancing the Manual of Operation and Procedures (MOP) for Emerging and Re-Emerging Infectious Disease (EREID) Management in the Philippines
- P10 **Shillah Nakato** - Strengthening infection prevention and control capacity at three Mpox treatment units in Uganda to reduce secondary bacterial infections
- P11 **Shillah Nakato** - Enhancing Infection Prevention and Control Capacity of Health Workers in Faith-Based Health Facilities Through a Champion-Led Training Approach
- P12 **Syed Abbas** - Meanings & Mechanisms of One Health: Policy insights from a critical literature review - [Poster video linked here](#)
- P13 **Syed Abbas** - Operationalizing One Health at the local level: a Theory of Action and Reflection tool - [Poster video linked here](#)

- P14 **Yang Zhao** - Integrating Anthropology into Global Health Security: Trends, Gaps, and Community Engagement in Outbreak Preparedness and Response (2019–2024)
- P15 **Yang Zhao** - Improving One Health Preparedness: Frontline Barriers to Detecting and Reporting Rift Valley Fever in Uganda
- P16 **Abdurrahman Faisal** - Multisource-Integrated Regional Surveillance for Mpox in ASEAN, 2023–2025: Findings from the ASEAN Biological Threat Surveillance Centre (ABVC)
- P17 **Affou Seraphin Wognin** - Global Health Security Agenda in Côte d'Ivoire: Status of CIAPOL's monitoring system for environmental emergencies, supported technically and financially by partners, 2018–2020
- P18 **Aishwarya Nagar** - Practical tools to counter disinformation on chemical, biological, radiological, and nuclear threats
- P19 **Ali Haider Mohammed** - Clinical and Genomic Mapping of Multidrug-Resistant Gram-Negative Bloodstream Infections in Iraqi Haematological Cancer Patients
- P20 **Amrita Ronnachit** - Implementing the Fleming Fund Country Grant in Papua New Guinea: Cross sectoral collaboration for strengthening surveillance of Antimicrobial Resistance, Use, and Consumption
- P21 **Azril Hamzah** - Epistemic Field Theory: A Validated Framework for Governing AI Hallucination Risk in Clinical Decision Support
- P22 **Chiemeka Anunobi** - Deployment of the Nigerian International travel portal to promote Adherence to the IHR and Strengthen Health Security
- P23 **Chiemeka Anunobi** - Strengthening Polio Eradication in Insecure Northern Nigeria: Leveraging Special Intervention Strategies and Geospatial Technologies to Reach All Settlements - **Poster video linked here**
- P24 **Cushla Coffey** - Japanese Encephalitis Virus One Health Collaboration in Australia
- P25 **DAVY Suong** - Joint Human and Animal Health Sector Investigation of an H5N1 Case in a High-Risk 5-Year-Old Child in Kampot Province, Cambodia, 3–6 July 2025
- P26 **Duc Kieu** - Integrating AMR surveillance into Vietnam's National Environmental Monitoring Framework: Pilot findings and the Automated AST Reporting Tool
- P27 **Faiz Daud** - Incentive-based payment scheme for clinical specialists in private hospitals in Malaysia
- P28 **Fauzi Budi Satria** - When Duty Calls: Will Tomorrow's Doctors Step Into Conflict and Emergency Settings?

- P29 **Francis Lelngei** - Surveillance and Etiology of Acute Undifferentiated Febrile Illness in Papua New Guinea
- P30 **Guganesan Krishnanmoorthy** - Public Health Response To A Paralytic Shellfish Poisoning (Psp) Outbreak In Port Dickson, Negeri Sembilan - [Poster video linked here](#)
- P31 **Huyen Tran Thi Ai** - Enhancing dengue surveillance data quality through training and regular supervision in Ho Chi Minh city, Vietnam, 2023–2024
- P32 **Irina Etobayeva** - Developing electrochemical biosensor device for early diagnosis of Leptospirosis
- P33 **Jenna Buttolph** - Assessing and Strengthening Hospital Preparedness for CBR Incidents in Sulaymaniyah, Iraq
- P34 **Jenna Buttolph** - Enhancing Disease Prevention in Bangladesh’s RMG Sector: Insights on Knowledge, Attitudes, and Practices for Community-led Preparedness
- P35 **Jussi Sane** - Towards a Comprehensive and Integrated Framework for Health Crisis Risk Assessment and Policy Advice at the Finnish Institute for Health and Welfare
- P36 **Kien Pham** - Tailored Analytics for Antimicrobial Consumption: Improving Stewardship at Hospital Levels
- P37 **M Salim Uzzaman** - Detecting Zoonotic Spillover at the Human–Animal Interface: Evidence from 14 Years of Event-Based Surveillance to strengthen Early Warning Systems
- P38 **Margaret Dunne** - Measuring capacities to advance global health security and bioeconomic development on the African continent
- P39 **Meredith Neilson** - PHOENIX –strengthening pandemic preparedness in the Indo-Pacific through collaboration and partnerships
- P40 **Mohammad Monjurul Karim** - The Climatology of Contagion: Bridging Weather Systems and Public Health Surveillance to Predict Emerging Disease Threats
- P41 **Muhammad Asif Khan** - Governing Outbreaks in a Polycrisis: Lessons from Pakistan’s Dengue Surge Amid Converging System Failures
- P42 **Nada Fadul** - Single-Session Therapy as a Rapid Mental Health Response in Conflict-Affected Populations: Sudan Experience
- P43 **Nadia Noreen** - Strengthening Multisectoral One Health Governance for Pandemic Preparedness in Pakistan: Early Lessons from the Pandemic Fund Implementation

- P44 **Nana Eghele Adade** - Insights from National Antimicrobial Resistance Surveillance in Ghana: Integrating Resistance Patterns, Genomic Epidemiology, and Antimicrobial Use Data
- P45 **Nik Mohd Hafiz Mohd Fuzi** - SMART SURVEILLANCE, SWIFT RESPONSE: STRENGTHENING SURVEILLANCE THROUGH POPULATION CONNECTIVITY ACROSS BORDER (PoPCAB) AT KELANTAN, MALAYSIA
- P46 **Nurrista Agrestryana** - Strengthening Community Engagement for Measles Outbreak Response Through Humanitarian Actors: Lessons from the Indonesian Red Cross
- P47 **Patricia Anne Bonifacio-Montoro** - From Student Sickness to System Preparedness: Evaluating School-Based Health Events in Quezon City using the 7-1-7 Framework, January 2024 to September 2025 - [Poster video linked here](#)
- P48 **Peter Babigumira Ahabwe** - The BWC Working Group Process: Mapping WG1–7, Anticipating WG8–9, and Building Consensus Toward the 2027 Review Conference
- P49 **Phuong Thao Pham** - Data-Driven Early Warning of Dengue Outbreaks using Google Earth Engine weather data: A Study from Lam Dong, Vietnam 2015–2024
- P50 **Priscilla Nkonde Gardner** - Factors Associated with Measles Vaccine Immunogenicity in Children at University Teaching Hospitals, Lusaka, Zambia
- P51 **Rebecca Gowen** - Developing a mentorship program to build capacity in pathogen genomics and strengthen disease surveillance
- P52 **Robyn Pearce** - Metagenomic Surveillance of Zoonotic Pathogens in Bat Fly Ectoparasites
- P53 **Ryan Teo** - Assessing the strategic value of aggregated clinical metagenomics for population-level biosurveillance
- P54 **Salih Mohamedkhair** - Virtual Capacity Building in Conflict Settings: Implementing Project ECHO to Strengthen Sudan's Health Workforce During War - [Poster video linked here](#)
- P55 **Shahin Huseynov** - Sustaining Poliovirus Eradication: Strengthening Containment and Global Health Security in the WHO European Region - [Poster video linked here](#)
- P56 **Shukry Zawahir** - Antimicrobial Resistance Vulnerabilities in Vietnam: Knowledge Gaps, Misconceptions, and Missed Health Communication Opportunities Among Local Healthcare facilities
- P57 **Steven Nonde** - Operationalising Automated Alert Thresholds for Early Outbreak Detection in Zambia: Implementation Experience and System Performance from a Pilot Study

- P58 **Sumera Abid** - Integrating Laboratory Confirmed Data of priority infectious diseases into National Surveillance: A Standardized IDSR Lab Networks Model from Pakistan
- P59 **Talha Bin Saeed** - RESILIENCE UNDER FIRE: BEATING THE CLOCK, STRENGTHENING OUTBREAK RESPONSE IN BALOCHISTAN USING 7-1-7 STRATEGY
- P60 **Tanu Soni** - Global Health Diplomacy for Management of Outbreaks, Epidemics, and Pandemics: Lessons from Course Design and Implementation
- P61 **Thu Nguyen** - Identifying capacities across Human and Animal Laboratories for Stronger Pandemic Preparedness
- P62 **Tuyet Le Thi Anh** - Application of Geographic Information Systems in Dengue Management: A Breakthrough Initiative in Ho Chi Minh City, Vietnam since 2018
- P63 **Vorathep Sachdev** - A Critical-Socio-Legal Examination of Thai Laboratory Biosafety and Biosecurity Governance
- P64 **Wendkouni TOUGMA** - Strengthening Climate-Related Health Security: Outcomes of Burkina Faso's National Response to Extreme Heatwaves in 2025
- P65 **Oladipupo Banji Ipadeola** - Positivity Rate Trends Among Contacts of Confirmed Lassa Fever Cases in Nigeria; 2018 – 2024: Implications for Lassa Fever Response
- P66 **Sri Handika Utami** - Digitalising ASEAN Health Sector Knowledge: The ASEAN Health Knowledge Management Platform (AHKMP)
- P67 **Diana Wong** - Global Health Security in an Era of Rising Geopolitical Instability
- P68 **Amirul Faez Shamsudin** - Collaborative Surveillance of Acute Undifferentiated Febrile Illness (AUFII) and Co-infection Patterns in Malaysia, 2022–2025
- P69 **Ly Na Huynh** - Evaluation of ectoparasite species and associated pathogens in provinces along the Vietnam - Laos border, 2024-2026
- P70 **Danoy Chommanam** - Performance of Respiratory Virus Rapid Tests as Surveillance Tools in Three Provincial Hospitals in Lao P.D.R. - [Poster video linked here](#)
